## SUMMARY

I am very passionate about Physical Sciences, Technology and Food.

---

## MAJOR

**In Physical Sciences and Mathematics**

---

## SKILLS

### Languages

- Proficient in- Java, Python, C++, HTML
- Familiar with- C#(objective), Swift, CSS, Javascript

### Software

- Database: Microsoft SQL Server and Microsoft Access
- Platforms- MacOS, Windows and Ubuntu (a form of Linux)

---

## PROJECTS

### BabyPIC

08/20-06/20

- This project simulates particles in form of FPFES with defined charges in influence of Electric and Magnetic fields.
- Collaborated with- Siddhant Solanki (now a NASA Scientist) (Then a UCSB senior) (also my mentor); Xin Sheng (now a UC Santa Barbara Junior) (a very good friend)
- I was involved theoretically and at a later stage for testing and plotting results.

### Distillery & Brewery

Dates

- 

### Audio Drishti

01/21-02/21

*VIS Scientia Society*

- Created a helmet that played message when an object came nearby using Arduino and Ultrasonic sensors
- I did the programming part in Arduino language (advanced C++) with some help from my Computer teacher Mrs. Meenu Kumar

---

## LEADERSHIP POSITIONS HELD

### Founder, Core Team Head

10/20-present

*VIS Scientia Society*

- I founded this society that today is the largest and most active society of the VIS community.
- Currently I lead Organization committee
- We organize events, quizzes and call guests for events

**Founder, Core Team Head**

10/20-present

*VIS Eloquentia Society*

- The public speaking society of Venkateshwar International School. This was the ambition of my English teacher that we should have a public speaking society to which I volunteered.

**Member**

10/20-present

*VSEC Quizzing Elite*

- Officially, this name was made in 2017. This is the group of current and ex-students of Dr. VSEC, KN, who were exceptional in quizzing and won many events. I am still a member of this club. My GK teacher at VSEC is the head of this club. There only 23 Members of this group.

**Member**
